For your earlier email regarding how we're reaching out. This is all tentative with the exception of what we've already done yesterday. The local PIO's are distributing things via social media in the meantime. They have a huge number of followers and they have a media group they share out.

Libby, who from EPA do you have or need to support you in the sessions today?

Also, Region 9 is deploying folks, including one to Durango. I'll forward you a separate email about that.
